

How to get Matlab

1. Make an account with [mathworks.com](https://www.mathworks.com) with your **UT email id**.
2. Email UT IT services at help@its.utexas.edu (or to dennis.klenk@austin.utexas.edu) with your eid and email (the one you have used for mathworks account) and your designation (TA/RA)
3. ITS will email you when they have associated your account with the University license.
4. Download the files. (Or copy them from me.)
5. Log on to your MathWorks account and go to 'My Accounts'. Click on 'Activate' tab.
6. Enter your system info and download licenses.
7. Install
